

FITB Rankings

The FITB rankings give an overview of the strength of the different countries in tchoukball. It is based on the results of the teams representing each country during the FITB competitions. The results from the last 4 years are taken into account. The results are weighted depending on the type of competition, the ranking of the adversary, the result of the match and the category. Points are also given according to the final standing of each FITB event.

Points attributed for each match

Points for a match:

$$P = \text{Competition type} * \text{Adversary ranking} * \text{Result} * \text{Category}$$

Example 1:

WTC, Elite, Country B vs. Country K : 48-37
 Country B : $P = 4 * (21-11)/10 * 2 * 3 = 24$ points
 Country K : $P = 4 * (21-2)/10 * 0 * 3 = 0$ point

Example 2:

CTC, Juniors, Country E vs. Country H : 44-56
 Country E : $P = 3 * (21-8)/10 * 0 * 1 = 0$ point
 Country H : $P = 3 * (21-5)/10 * 2 * 1 = 9.6$ points

Rules to calculate the FITB rankings

The FITB rankings are calculated at the end of each event

The adversary value (rankADV) is the one calculated at the end of the previous FITB event

The points gained during an event are reduced from 25% percent after each year

Time after the beginning of the event	Value of gained points
0-12 months	100%
13-24 months	75%
25-36 months	50%
37-48 months	25%
≥ 49 months	0%

Friendly matches are taken into account only if:

- matches are announced by the organiser to the FITB at least 1 month before the beginning of the event
- matches are refereed by FITB continental or international referees
- FITB score sheets are used
- copies of the score sheets, fully filled in, are sent within 30 days to the FITB Technical Commission
- matches are played according to FITB rules, with balls and frames certified by the FITB (Top quality certification)
- matches are played between national teams (NF must recognise their teams)
